MarkTen® e-vapor Health Warnings

- WARNING: This product contains nicotine. Nicotine is an addictive chemical.
- WARNING: This product is not a smoking cessation product and has not been tested as such. This product is intended for use by persons of legal age or older, and not by children, women who are pregnant or breast-feeding, or persons with or at risk of heart disease, high blood pressure, diabetes, or taking medicine for depression or asthma. Nicotine is addictive and habit forming, and it is very toxic by inhalation, in contact with the skin, or if swallowed. Nicotine can increase your heart rate and blood pressure and cause dizziness, nausea, and stomach pain. Inhalation of this product may aggravate existing respiratory conditions. Ingestion of the non-vaporized concentrated ingredients in the cartridges can be poisonous.
- CA Proposition 65 — WARNING: This product can expose you to chemicals including glycidol, which is known to the State of California to cause cancer, and nicotine, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

The U.S. Food and Drug Administration hasn't determined that any tobacco product, including any e-vapor product, presents less risk compared to any other tobacco product.

For tobacco product consumers concerned about the health effects from tobacco product use, the best thing to do is quit. For tobacco product consumers who decide to quit, Altria's tobacco companies offer *QuitAssist*®, an information resource that helps consumers who have decided to quit with cessation information from public health authorities.
